

Up and Over & Side Hinged garage doors - GRP Styles

White gloss doors are just that! The high gloss finish just requires an occasional wipe over to keep it in pristine condition.

Eastbourne White Gloss

Regent White Gloss

Victoria White Gloss

GRP (Glass Reinforced Polyester) are low maintenance garage doors. GRP is an incredibly strong, dent resistant modern composite laminate with a better strength to weight ratio than steel. The door face is devoid of joints, seams, rivets or fastenings to detract from its good looks.

All doors are supplied fully finished, won't warp, shrink or rust and are virtually maintenance free. There are two ranges - white gloss and woodgrain.

Woodgrain doors are hand finished to provide a natural antiqued effect to the grain detailing.

All doors are available in a side-hinged configuration, with the exception of the Eastbourne. The Victoria & Milton are only available as side-hinged.

Supplying & Installing Garage Doors & Remote Control Systems since 1982

Alutech Sectional range

Sectional Door Trend Range

The Alutech Trend Series doors are economical and functional doors of 40mm thickness with fittings made of galvanized steel, which are optimally suited for regions with temperate and cold climates. They comply with European standards; in addition all the safety systems are available at no additional charge.

The standard door package includes a spring with a maximum lifetime when compared to competitors - of up to 25,000 open/close cycles.

Both the S-Ribbed and M-Ribbed Panel Woodgrain effect doors provide a realistic alternative to wood that will compliment your home. Its exclusive finish will look as good in the future as it will now. External surface texture of a panel: Woodgrain or Smooth.

M-Ribbed Wood Finish Panel
Curtain balancing with tension springs or torsion springs

S-Ribbed Wood Finish Panel
Roller brackets and intermediate hinges are made of galvanised steel.

L-Ribbed Wood Finish Panel
The thickness of a sandwich panel is 40mm.

Georgian Design Wood Finish
The maximum size of the garage doors is 6000 x 3000 mm.
