

Up and Over garage doors - Timber Styles

If you'd like to create your own design, we offer an open chassis into which you can fit your own panels up to a maximum weight of 7.5 kilograms per square metre.

The natural beauty of timber shines through on our range of up and over doors. Benefiting from the same excellent opening mechanism, locking and strong steel chassis, these doors add a classic touch to any home.

If you are fitting doors side by side, let us know and we'll craft a pair finished to a similar shade - remember wood is a natural material and no two doors are alike!

Stratford (shown basecoated)

Tongue & groove cedar boards

The ergonomic locking handle operates the twin lock latches

Bamburgh (shown in Light Oak)

Cedar boards and mouldings
