# AlluGuard 55

Somfy Wireless and Wired (bottom sensor shown right) control units available

## Power fail override

If the power fails, a simple hand crank is used to operate the door.

## External power fail override

An optional external crank with lockable access is also available should there be no other access to the garage.

## Keeps out the weather

Weather resistance is excellent with a rubber compression seal (not watertight) to the bottom of the door and a brush strip within the guides.

The AlluGuard 55 is the compact insulated roller garage door of choice. Its upgraded design is stronger and covers a larger size range than other compact doors.

It's small but perfectly formed! It covers single doors up to 3000mm wide and 2225mm high and only requires 205mm of headroom to install.

Its compact size makes it the perfect solution when space is limited - great performance packed into a small space!

**Bigger,  
stronger  
and more  
colours!**

**AlluGuard 55**

## Features at a glance

4

### Smooth & quiet

The lock straps create a smooth running surface to help reduce operating noise.

5

### Safe

The safety edge stops and reverses the travel of the door on contact with an obstruction.

6

### Powerful

Concealed within the barrel of the door is a powerful and quiet motor that drives the door and holds the curtain locked when closed.

7

### Secure

Security is excellent with strong locking straps that prevent forced lifting of the door.

8

### Complete control

The wall-mounted control unit has a courtesy light to guide your way and push button control for the door. The alarm is also housed in the control unit that sounds on an attempt to force up the door from the bottom slat.

9

### Fur lined

The front edge of the door box has a line of synthetic fur to increase weather protection and help reduce draughts.

## Standard Colour Range

### Solid powdercoat colours

Low maintenance powdercoat finish for AlluGuard55 garage doors are available in these classic colours:

White RAL 9016

Black RAL 9005

Blue RAL 5011

Light Beige BS 08B17

Anthracite Grey RAL 7016

Racing Green RAL 6009

Home Cream RAL 1015

Burgundy RAL 3004

Brown RAL 8014

Silver Metallic RAL 9006

Pale Grey RAL 7038

Chartwell Green BS 14 C 35

### Wood-effect powdercoat

Low maintenance powdercoat wood effect finish for AlluGuard55 garage doors are available in these classic colours:

Mahogany

Golden Oak

Rosewood

The AlluGuard 55 fits in smaller spaces!

## Notes on colours

Coloured guide rails are supplied as standard, however, they may not perfectly match the lath colour. The manufacturing process for the lath profile results in a textured finish, whilst all other coloured items (guides, bottom laths, lock laths, optional fascias and vision panels) are supplied in a satin finish, so cannot be guaranteed to match exactly. Over time some scuffing / pressure marks may occur on front and rear surfaces of doors as a result of their normal operation.

Colours shown are for guide purposes only and are limited by the printing process. Please ask to see a colour sample to confirm your choice.

## Colours

AlluGuard's wide choice of finishes ensure your new garage door not only looks good for years to come, but also complement the look of your home. Don't see the colour you want? Explore our extended range of laminate finishes and custom colours on the next page.

### The door curtain

The door curtain is available powdercoat finished in the solid colours and wood effects shown left.

The rear of the door slats is finished to match the front.

### The door guides

The guides colour match\* the door curtain colour as standard on all solid powdercoat colours. Wood effect powdercoat doors are supplied with White, Brown or Black guides.

\*See notes on colour at the top of the page

### The door roll box

Doors are supplied with a half roll box as standard but are available as an option with a full roll box. These are finished to match the door guides for all solid colours. Rosewood, Golden Oak and Mahogany are finished in White, Brown or Black.

The half box is standard.

The full box option encloses the door roll for a very neat installation.

## Special Laminate finishes

In addition to our standard colour ranges, you can also order your door in special laminate finishes shown below. The laminate colours are selected from the Renolit Exofol high-performance films range for exterior applications. Renolit Exofol is the market leader, and its multi-layered structure protects and decorates many architectural surfaces such as windows and are ideal for garage doors. Finishes have a 10-year warranty against perforation of the substrate.

Doors with special laminates are available with the rear face of the door finished in White or Brown. White is standard for all solid colours, brown for wood effects. The guides and box are finished in White, Brown or Black.

Steel Blue RAL 5011

Brilliant Blue RAL 5007

Moss Green RAL 6005

Dark Green RAL 6009

Anteak

Want something special? Pick from the rainbow!

# Custom Colours

Matched to Farrow & Ball, Stiffkey Blue

Matched to Farrow & Ball, Treron

Matched to Little Greene Mister David

Matched to Dulux Trade Violet Verona 4

## Custom Colour finishes

In addition to our standard colours and special laminate ranges, you can also order your door in a custom colour.

Perhaps you have a RAL colour, a Farrow & Ball colour, a Little Greene shade or a Dulux Trade colour and you want your garage door be similar... No problem - our custom painting service is what you need!

We can custom paint your door to match. The wet-spray process uses paint mixed to match your chosen shade and gives a finish that is warranted for five years with suitable care and cleaning.

Custom coloured doors are available with guides and box finished in White, Brown or Black. As an option, the front face of the guides and the front face of the box are available painted to match the door curtain colour with the inner surfaces in White, Brown, or Black. The rear face of the door is available in White or Brown.

Fill your world with colour!

# Safety - CE marking

It is against the law to install a power operated garage door in the UK without complying with The Machinery Directive.

To comply with the Machinery Directive both the door and the motor and controller used in the installation must have a Declaration of Incorporation from the manufacturer.

On completion of the installation the installer must provide a Declaration of Conformity and apply a CE mark giving details of the installation to the door / motor and controller combination, which is now classed as a machine.

The installer must issue to the customer a Declaration of Conformity, maintenance and operation instructions on the completion of the installation.

The installer must hold copies of both the Declaration of Incorporation and the Declaration of Conformity on a technical file for inspection by the relevant authorities.

If any of the above requirements are not fulfilled the Installation is illegal and may be unsafe.

Please ensure for your own safety and peace-of-mind that whoever installs your electric motor and controller is both willing and able to fulfil these requirements; if they are not – do not use them.

Choose a member of the DHF Garage Door Installer Group who CAN and WILL install your motor and controller safely and legally.

## Peace-of-Mind Warranties

(a) AlluGuard roller garage doors are guaranteed against any form of manufacturing defect for a period of 2 years from the date of original purchase.

(b) AlluGuard tubular motors are guaranteed against any form of manufacturing defect for a period of 5 years. Other electrical and mechanical elements within the control system are guaranteed for a period of 5 years.

(c) AlluGuard roller garage doors exterior finish is guaranteed to provide an effective weatherproof membrane that will resist perforation of the substrate from the weather side due to corrosion for a period of 5 years. Externally fitted reverse roll AlluGuard roller garage doors will resist perforation of the substrate from the weather side due to corrosion for a period of 2 years. Colour change or fade to the exterior surface will be limited and uniform during the guarantee period.

Guarantees are subject to conditions - please visit [www.alluguard.co.uk/warranty](http://www.alluguard.co.uk/warranty) for full details.
